

OUR MISSION

Mission: Degree! and HERC, through the patented 6th generation academic assessment and counseling platform Degree Quest®, offers institutions of higher learning, service members, and education service offices a robust and comprehensive solution for the enrollment, retention, and success of our nation's service members who elect to pursue a degree in higher education, all the while doing so at a fraction of the cost of similar systems.

FROM GED TO PHD

Degree Quest® easily accomplishes horizontal transfer of credits and it is unparalleled in regards to vertical success of the student - from certificate programs to associates degrees and onward to undergraduate and graduate degrees.

MISSION: DEGREE & THE HIGHER EDUCATION RESOURCE CENTER

HELPING PROSPECTIVE STUDENTS
EXPLORE • ENVISION • ENROLL

Degree Quest®

DEGREE EXPLORATION & PLANNING SOFTWARE

Degree Quest® is a web-based academic assessment and counseling platform with 34 patented processes that digitally stream students' existing credit towards degree completion.

Degree Quest® is written in the most modern programming language which now interfaces with popular student management software systems, including Banner, and is affordable for any college since licensing is only a fraction of the cost of similar systems.

College counselors can assist any student with the click of a button. Counselors can rapidly review the existing credits of prospective students while providing accurate, timely, and consistent processing of transfer credits.

SERVING THOSE WHO SERVE OUR COUNTRY

Degree Quest® empowers University & College staff to quickly process military and veteran students with the goal of the student receiving optimal application of their credit toward their desired degree.

It's easier than ever before to quickly process Joint Service Transcripts for even the most senior military members along with properly awarding college credit for the professional training and experiences evaluated by the American Council on Education (ACE).

Degree Quest® provides integrated and unparalleled military legacy data including:

- Every course & occupation evaluated by the ACE exhibit since 1942 – more than 45,000 exhibits
- The former SOC Degree Network System has been preserved which helps colleges expedite processing with military and veteran student applicants
- Enhances the established Department of Defense and Veterans Administration educational programs: TA DECIDE, DANTES, GI Bill® Comparison Tool

Degree Quest® also has ACE exhibits from every government agency (OPM, FAA, NOAA, etc.) that had their professional training evaluated for credit, making it possible to support employees in the same way as military students.
